Dear Mr. Quigley:

I am forwarding another request to you for the Sand Rock Mill Project. This seems to be a very popular project as we have had several requests for copies of it. I do appreciate your help in sending copies of the project to help fill the many requests.

Thank you.

Sincerely,

Donna Tipton

REQ. # A/80-0381

State Planning Coordinator
Office of the Governor
2320 Capitol Avenue
Cheyenne, Wyoming 82002

Dear Ms./Sir:

The Environmental Library, under sponsorship of the Western Montana Scientists' Committee for Public Information, a non-profit citizen organization, requests one copy of the Environmental Report for the Sand Rock Mill Project, Campbell County, Wyoming.

When sending the document to us, please enclose the carbon copy of this letter with it to help facilitate faster processing and cataloging.

The Environmental Library serves a broad sector of the University community, particularly the Environmental Studies Program and those departments in the physical, biological and social sciences active in environmental affairs. The Library also serves environmental education and research efforts in the community, state, and region through a mail checkout system allowing materials to be obtained without having to travel to the Library itself.

Your attention to this request is appreciated.

Sincerely,

William Tomlinson
