Federal Register Notice

NUCLEAR REGULATORY COMMISSION
ADVISORY COMMITTEE ON REACTOR SAFEGUARDS
SUBCOMMITTEES ON REACTOR RADIOLOGICAL EFFECTS AND SITE EVALUATION

Notice of Meeting

The ACRS Subcommittees on Reactor Radiological Effects and Site Evaluation will meet at 8:30 a.m., December 11, 1980 in room 1046, 1717 H Street, NW, Washington, DC to discuss preparation of appropriate chapters of the ACRS Annual Report to Congress regarding the NRC Reactor Safety Research Program Budget.

In accordance with the procedures outlined in the Federal Register on October 7, 1980, (45 FR 66535), oral or written statements may be presented by members of the public, recordings will be permitted only during those portions of the meeting when a transcript is being kept, and questions may be asked only by members of the Subcommittee, its consultants, and Staff. Persons desiring to make oral statements should notify the Designated Federal Employee as far in advance as practicable so that appropriate arrangements can be made to allow the necessary time during the meeting for such statements.

The entire meeting will be open to public attendance except for those sessions during which the Subcommittee finds it necessary to discuss specific NRC FY 1982 budget proposals. One or more closed sessions may be necessary to discuss such information. (SUNSHINE ACT EXEMPTION (9)(B)). To the extent practicable, these closed sessions will be held so as to minimize inconvenience to members of the public in attendance.

The agenda for subject meeting shall be as follows:

Thursday, December 11, 1980

8:30 a.m. until the conclusion of business.

During the initial portion of the meeting, the Subcommittee, along with any of its consultants who may be present, will exchange preliminary views regarding matters to be considered during the balance of the meeting.

The Subcommittee will then hear presentations by and hold discussions with representatives of the NRC Staff, their consultants, and other interested persons.

Further information about topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by a prepaid telephone call to Mr. Garry G. Young, ACRS Staff (telephone 202/634-1414) between 8:15 a.m. and 5:00 p.m., EST. The cognizant Designated Federal Employee for this meeting is Mr. John C. McKinley.

The ACRS is required by Section 5 of the 1978 NRC Authorization Act to review the NRC Reactor Safety Research Program and Budget and to report the results of the review to Congress. In order to perform this review, the ACRS must be able to engage in frank discussions with members of the NRC Staff and such discussions would not be possible if held in public sessions. I have determined, therefore, in accordance with Subsection 10(d) of the Federal Advisory Committee Act (Public Law 92-463), that, should such sessions be

required, it is necessary to close portions of this meeting to prevent frustration of the above stated aspect of the ACRS' statutory responsibilities. The authority for such closure is 5 U.S.C. 552b(c)(9)(B).
