

Federal Register Notice

NUCLEAR REGULATORY COMMISSION
ADVISORY COMMITTEE ON REACTOR SAFEGUARDS
SUBCOMMITTEES ON SITE EVALUATION AND REACTOR RADIOLOGICAL EFFECTS

Notice of Meeting

The ACRS Subcommittees on the Site Evaluation and Reactor Radiological Effects will hold a meeting at 8:30 a.m. on December 13, 1980 in Room 1046, 1717 H Street, NW, Washington, DC to discuss the Generic Environmental Impact Statement on Class-9 Accidents at nuclear power plants. Also, the Subcommittees will discuss and summarize the previous two days meetings on the ACRS Annual Report to Congress regarding the NRC Reactor Safety Research Program Budget, and the discussion on radiation standards for workers.

In accordance with the procedures outlined in the Federal Register on October 7, 1980, (45 FR 66535), oral or written statements may be presented by members of the public, recordings will be permitted only during those portions of the meeting when a transcript is being kept, and questions may be asked only by members of the Subcommittee, its consultants, and Staff. Persons desiring to make oral statements should notify the Designated Federal Employee as far in advance as practicable so that appropriate arrangements can be made to allow the necessary time during the meeting for such statements.

The entire meeting will be open to public attendance except for those sessions during which the Subcommittee finds it necessary to discuss the ACRS Annual Report to Congress on the NRC Reactor Safety Research Budget. One or more closed sessions may be necessary to discuss such information. (SUNSHINE ACT EXEMPTION (9)(B)). To the extent practicable, these closed sessions will be held so as to minimize inconvenience to members of the public in attendance.

should such sessions be required, it is necessary to close portions of this meeting to prevent frustration of the above stated aspect of the ACRS' statutory responsibilities. The authority for such closure is 5 U.S.C. 552b(c) (9) (B).
