Re: Freedom of Information Act Request

Dear Mr. Felton:

2. All documents, studies, memoranda, letters (excluding the two from counsel for Commonwealth Edison, dated November 14, 1980 and December 3, 1980) or material related to CBE's Petition for a Public Hearing, dated July 8, 1980.
3. All documents, studies, memoranda, letters and material from intraagency, interagency, consultants (e.g. Brookhaven National Laboratories or Argonne) or any other source regarding the proposed decontamination of Dresden 1 composed or received since CBE's November 5, 1980 request or not included in the response to that request.

In the unlikely event that access is denied to any part of the requested records, please describe the deleted material in detail and specify the statutory basis for the denial as well as your reasons for believing the the alleged statutory justification applies in this instance.
