Subject: Resubmission of SARP for contents change

Dear Mr. Allen

Enclosed with this letter are the updated SARP (CTR 2008/11, Revision 17) and the supporting documents listed below. These documents include Croft proprietary information that we request be withheld from public disclosure pursuant to paragraph (a)(4) of 10 CFR 2.390: we hereby submit an affidavit regarding this proprietary information.

Regarding the next revision of the certificate, would it be possible to allow the current revision to remain valid, as there are validations of this certificate that we would need to remain in place for ongoing shipments?
