In the Matter of
Metropolitan Edison Company, et al.
(Three Mile Island Nuclear Station, Unit 1)
Docket No. 50-289

Dear Members of the Board:

In my letter to the board, dated November 5, 1980, I forwarded for your information a letter from the NRC staff to Metropolitan Edison (licensee). The forwarding letter included a statement which requires clarification with regard to the licensee's emergency plan being in compliance with 10 CFR 50 Appendix E. The intent of this statement was to indicate that the emergency plan is in compliance with the previously existing 10 CFR 50 Appendix E, dated December 1970, not the current emergency planning rule which became effective November 3, 1980.

Sincerely,

James R. Tourtellotte
Assistant Chief Hearing Counsel
