Dear Mr. Griffin:

Enclosed is an application for an export license received recently by NRC for a nuclear export falling within the Executive Branch generic approval of November 21 for single reloads of low-enriched uranium fuel, but for which a letter of assurance is required that the material will be subject to all terms and conditions of an Agreement for Cooperation. Your assistance in obtaining the necessary assurance letter will be appreciated.

Sincerely,

James B. Devine, Assistant Director
Export/Import and International
Safeguards
Office of International Programs
