Re: Docket No. 50-62

Gentlemen:

As a result of a telephone conversation with Mr. Robert Campbell, A.E.C. Operator Licensing Examiner on June 18, 1974, we are submitting a revised Operator Requalification Program for the University of Virginia Reactor Facility. Mr. Campbell suggested certain revisions and additions to the program.

The revised program is attached for your consideration.

Very truly yours,

J. P. Farrar
Operations Manager
