Dear Sir:

Your letter of January 23, 1981 forwarded a request for additional information on the Guard Training and Qualification (T&Q) Plan for the Trojan Nuclear Plant submitted in August, 1979.

Inasmuch as Revision 4 to the Trojan Nuclear Plant Security Plan, the Contingency Plan, was approved by the NRC subsequent to the submittal of the T&Q Plan, and approval of Revision 5 to the Trojan Security Plan, which was submitted subsequently to the T&Q Plan, is imminent, additional time to respond to the request for information is requested in order to revise the T&Q Plan to be consistent with the Trojan Security Plan.

Telephone conversations with Barry Manili in the Division of Safeguards, Office of Nuclear Materials Safety and Safeguards, have indicated that one submittal containing all of the appropriate revisions to the T&Q Program would be desirable.
