Docket Nos. 50-329, 50-330

Dear Mr. Merritt:

At the prehearing conference concerning the operating license proceedings for the Midland Plant held on December 14, 1978, the question arose as to whether your client, Wendell H. Marshall, wishes to receive a copy of Consumers Power Company's Environmental Report and Final Safety Analysis Report. You indicated that you wanted to consult with Mr. Marshall before making that decision.

For your information, I would like to point out that the Environmental Report consists of three volumes and the Final Safety Analysis Report includes approximately 24 volumes. Should you decide that you want either or both of these reports please let me know, indicating whether you or Mr. Marshall should be the recipient, and I will see that the material is sent promptly.

If you have any questions concerning this matter, please do not hesitate to call.

Very truly yours,

Martha E. Gibbs
