Dear Mr. Hudgins:

Please refer to our letter dated January 30, 1980, requesting your assistance in obtaining an assurance letter for an amendment to export license XSNM01452.

In a recent conversation with William Mowry of General Atomic, we were advised that the amendment request was for an additional **two** (2) grams of uranium rather than 0.16 gram as we had originally thought. Please, therefore, request an assurance letter for an additional **two** grams of uranium enriched to 93% uranium-235.

Thank you for your assistance in this matter.

Sincerely,

Marvin R. Peterson, Acting Assistant  
Director
