

VIRGINIA ELECTRIC AND POWER COMPANY
RICHMOND, VIRGINIA 23261

September 8, 1980

Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
Attn: Mr. Leon Engle, Project Manager
Operating Reactors Branch No. 3
Division of Licensing
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Serial No. 758
NO/FHT:jmj
Docket No. 50-338
License No. NPF-4

Dear Mr. Denton:

EPRI REPORTS ON RESIN INTRUSIONS INTO BOILERS AND S/Gs

Please find attached three copies each of the following reports.

1. EPRI Contract RP-623-3, First Progress Report, April, 1979
2. EPRI Contract RP-623-3, Second Progress Report, June, 1979
3. EPRI Program RP-623-1, Fourth Progress Report, July, 1979
4. EPRI Project RP-1563-2, First Progress Report, June, 1980

We understand that your Mr. Frank Almeter requested that EPRI provide these reports. Since they are applicable in part to our North Anna Unit 1, we have reviewed them and generally concur with their conclusions. With this transmittal, you should not expect to receive these reports from EPRI. If you have any questions, our contact at EPRI has been Mr. R. Gillem Lucas.

Very truly yours,

B. R. Sylvia
B. R. Sylvia
Manager - Nuclear
Operations and Maintenance
