GGNS Emergency Plan
AECM-80/279

Enclosed for your review and comment are ten (10) copies of the revised Emergency Plan for the Grand Gulf Nuclear Station (GGNS). This revision of the Emergency Plan supersedes the revision we submitted to you on June 27, 1980, in Amendment 40 to the GGNS Final Safety Analysis Report (FSAR).

From this date, the Emergency Plan will be maintained as a separate document. FSAR Section 13.3 will be revised in the December 1980 Amendment to reflect this change, and an insert in FSAR Section 13.3 will be revised as the Emergency Plan is amended.

Supporting emergency plans for the GGNS were submitted to you via AECM-80/280.

If you have any questions, please contact us.

Yours truly,
