Re: SUA-1358

Dear Dan:

Pursuant to our discussion in your office of September 30, Energy Fuels hereby submits ten copies of a revised drawing of the White Mesa Mill process flow diagram. To simplify the administrative aspects of making changes within circuits and sections of the mill, this drawing replaces Plates 3.1-1, 3.1-2, 3.1-3, 3.1-4, 3.1-5, and 4.1-2 in the application.

It is our understanding that this change can be accomplished through an administrative amendment, for which the fee is \$150.00. As before, it is assumed we will be advised by the License Fee Management Branch of our obligation to pay the fee. Therefore, the fee is not included herewith.

Sincerely yours,

C. E. Baker, Environmental,
Licensing & Safety Director
