Docket No. 50-398

INTERROGATORIES FOR APPLICANT

1. Please provide an up-to-date list of all county, state and governmental agencies participating in the emergency planning for the V. C. Summer nuclear station. Include contact personnel, phone numbers, and the tasks they are expected to perform to prepare and implement the emergency plans.
2. What are the plans to educate participating county agencies as to their emergency responsibilities?
3. What are SCE&G management responsibilities during an off-site emergency? What are the responsible officials?
4. Who are the participating governmental officials who will be contacted in case of an off-site emergency? How long will it take to contact them?
5. Please provide copies of letters of agreement from participating governmental agencies.
6. Please comment on the measures necessary for participating government agencies to fulfill their responsibilities in an off-site emergency.
7. What arrangements are being made to provide for 24 hour contact with participating governmental agencies?
8. What are the protective actions for each class of emergencies?
9. What are the specific means for notifying 100% of the population in the 10 mile radius emergency zone in case of an off-site emergency?
10. Does the NRC resident inspector have authority to declare a state of emergency?
11. Please specify the policy to be used to declare a state of emergency.
12. What are the plans for educating the population in the emergency zone about emergency procedures?
13. Please provide copies of literature that will be used to educate the general population about emergency plans.
14. Does the applicant intend to include emergency plan information in utility bills for utility customers in the Emergency Planning Zone? Have arrangements been made with the various electric cooperatives in the Emergency Planning Zone for such enclosures in the bills?

15. Who has ultimate responsibility to activate the emergency plans? How would conflicts over the need to activate be resolved?
16. Please provide copies of all correspondence with participating governmental agencies.
17. Please provide copies of messages that will be conveyed to Participating Governmental Agencies in the event of various levels of emergencies.
18. Please provide copies of messages that will be conveyed to the public in the event of various levels of emergencies.
19. Who will be responsible for release of messages to the public in the event of an emergency?
20. Please identify and describe the Emergency Off-site Facility.
21. Please describe the availability of transportation in the event of an off-site emergency that would be required to effectively evacuate civilians in the Emergency Planning Zone.
22. Please identify and describe the "Near Site Emergency Operations Facility".
23. Please provide a detailed description of the qualifications of any and all persons involved in preparing any and all emergency literature designed to educate the public. Include an exact description of the role each performs in preparing this literature.
24. Provide the factual source material for each piece of emergency literature that will be used.
