MEMORANDUM FOR: Bernard J. Snyder, Director  
TMI Program Office, NRR

FROM: Joseph D. Lafleur, Jr., Deputy Director  
Office of International Programs

SUBJECT: CANADIAN INFORMATION REQUEST

The enclosed letter regarding NUREG-0558, "Population Dose and Health Impact of the Accident at the Three Mile Island Nuclear Station," has been received from Mr. John Humphrey of Canada. The letter contains several questions regarding the use of TLD's, both generally and during the TMI accident.

I would appreciate it if a member of your staff could prepare a timely response to the questions contained in this letter. He may either respond directly to Mr. Humphrey (with an information copy to me) or prepare a response which I can forward to him, whichever is most convenient.

Please advise Bob Senseney, (49-27788) IP, if you have any questions regarding this request.
