

Rt. 7, So. Belfast Ave.
Augusta, Me. 04330

A circular stamp with a clock-like border. The word "RECEIVED" is at the top. Below it is the date "MAR 16 1981". At the bottom is "U.S. NUCLEAR REGULATORY COMMISSION".

We appeal to you from Maine and as past residents of the Three Mile Island area not to allow the re-start of Unit One. The stress that we experience will never leave us. It was three days before the venting of the Krypton 85, etc. from the containment building that we left the Newberrytown area for good.

I appeal to you for the sake of all of us that have been the real victims of TMI not to allow the start of Unit 1 and I also appeal to the Commissioners to stop the insanity of Nuclear Power. Be honest with yourselves for our sake and that of future generations and stop this irresponsible path to destruction.
