DECLARATION OF STANDING

Under penalty of perjury, Sandra Kurtz declares as follows:

Your name

1. My name is Sandra Kurtz and I am a member of the Blue Ridge Environmental Defense League and the Bellefonte Efficiency and Sustainability Team.

2. I live at 1803 Cowart Street, Chattanooga, TN 37408.

Physical address

3. My home lies within about 43 miles of the site in Jackson County Alabama where Tennessee Valley Authority owns two partially constructed nuclear power plants for which the U.S. Nuclear Regulatory Commission has received an application to transfer the construction permits to Nuclear Development, LLC.

4. The Nuclear Regulatory Commission first issued construction permits for Bellefonte Units 1 and 2 in 1974. During the last 45 years, conditions have changed including water demand, land use, population, radioactive waste management, federal regulations and even the need for nuclear-generated electric power.

5. Based on historical experience with nuclear reactors, I believe that these facilities are inherently dangerous. The reactor design partially constructed by Tennessee Valley Authority at this site has never been completed anywhere in the United States. The long delay and neglected state of these nuclear reactors located so close to my home could

pose a grave risk to my health and safety. In particular, I am concerned that if an accident involving atmospheric release of radiological material were to occur, I could be killed or become very ill.

6. Therefore, I have authorized Blue Ridge Environmental Defense League and its chapter Bellefonte Efficiency and Sustainability Team to represent my interests in this proceeding as to whether good cause exists for the transfer of the two construction permits by the NRC from Tennessee Valley Authority to Nuclear Development, LLC.
