Re: TMI-1 Restart, Docket No. 50-289

Dear Members of the Board:

Enclosed are UCS's Proposed Findings of Fact and Conclusions of Law on UCS Contentions Nos. 13 and 14 and Board Questions 6 and 2.

UCS hereby adopts the Proposed Findings of the Commonwealth of Pennsylvania on burden of proof and related issues. (Commonwealth of Pennsylvania's Proposed Findings of Fact and Conclusions of Law on Plant Design and Modification Issues (First Set), paragraphs 1-13).

In addition, UCS's Proposed Findings contains what is essentially a request that the Board reconsider its ruling against taking official notice of the diesel generator failure estimates in WASH-1400. This appears at paragraphs 418-421. We ask the Board to treat this as a request for reconsideration.

Very truly yours,

Ellyn R. Weiss
