Re: In the Matter of  
SOUTH CAROLINA ELECTRIC & GAS COMPANY  
and  
SOUTH CAROLINA PUBLIC SERVICE AUTHORITY  
(Virgil C. Summer Nuclear Station,  
Unit 1)  
NRC Docket No. 50-395A

Dear Sir:

The Department of Justice ("Department") requests an additional extension of time through October 10, 1980 for the filing of comments on the matters raised by the Nuclear Regulatory Commission ("Commission") in its Memorandum and Order of June 30, 1980 in the above captioned matter.

The importance of the matters upon which the Commission has asked the Department to comment require careful analysis and evaluation. The Department will be unable to meet the September 30, 1980 due date. Thus, the Department respectively requests that the time within which to comment on all the issues raised by the Commission be extended through October 10, 1980.

Respectfully submitted,

Donald A. Kaplan  
Chief  
Energy Section  
Antitrust Division
