Reference: Beaver Valley Power Station, Unit No. 1  
Docket No. 50-334, License No. DPR-66  
Beaver Valley Power Station Emergency Preparedness Plan

Gentlemen:

On December 31, 1980, Duquesne Light Company submitted ten copies of the Beaver Valley Power Station Emergency Preparedness Plan and ten copies each of the Commonwealth of Pennsylvania, State of West Virginia, and the Beaver County emergency response plans. The State of Ohio; Columbiana County, Ohio; and Hancock County, West Virginia had not made their respective emergency response plans available to Duquesne Light in time for submission on that date. Duquesne Light has since received these documents and is submitting them for your use pursuant to 10 CFR 50.54.

Please find enclosed the following documents:

1. "Beaver Valley Site Emergency Response Plan," Hancock County Office of Emergency Services
2. "State of Ohio Nuclear Power Plant Emergency Response Plan," Ohio Disaster Services Agency
3. "Columbiana County Nuclear Power Plant Emergency Response Plan," Columbiana County Disaster Services Agency

Docket No. 50-334, License No. DPR-66  
Beaver Valley Power Station Emergency Preparedness Plan  
Page 2

With the exception of the State of Ohio plan, which has received approval by FEMA Region V, all of the local and state plans submitted for the Beaver Valley Power Station emergency planning zone are draft documents subject to changes as the documents are received by the Regional Assistance Committee (RAC).

Should you have any questions, do not hesitate to contact my office.

Very truly yours,

C. N. Dunn  
Vice President, Operations
