FREEDOM OF INFORMATION  
ACT REQUEST

FOIA-81-54  
Rec'd 2-18-81

Dear Mr. Carr:

Prairie Alliance recently filed Petition for Leave to Intervene and Supplement in Illinois Power Company's request for an operating license for Clinton Units 1 and 2. (docket numbers 50-461 and 50-462)

We are presently working with the NRC staff -Richard Goddard- to bring our petition into the proper form by March 9, 1981. We require, but do not have, a number of relevant documents. The LPDR in Clinton is 35 miles away and it is a hardship for our representatives to make this trip on a regular basis. In fact, plans made for a trip there today had to be cancelled because the roads were impassible due to ice and snow. We feel that the current set-up is in violation of the Freedom of Information Act. We would greatly appreciate having copies of a number of documents. Our request is for the following:

- I) Licensee Events Reports pertaining to BWRs.
- II) NUREGS 0654, 0386, 0737, 0690, 0578, 0585, 0694, the annual report for 1980, and the most recent Generic Task Action Plan
- III) The Inspection and Evaluation Reports and Illinois Power's responses.

Thank you very much.

Sincerely,

Caroline Mueller  
Prairie Alliance
