ACRS Members

LIST OF ACRS SUBCOMMITTEE MEETINGS SCHEDULED THROUGH JULY 8, 1981

Attached is a list of ACRS Subcommittee meetings currently scheduled. The meetings are subject to the approval of the Advisory Committee Management Officer. Those meetings for which it is anticipated that there will be a portion or all of the meeting open to the public are indicated by an asterisk (*).

If you are listed and cannot attend a meeting, or if you are not listed but would like to attend, please advise the ACRS Office. Most motels and hotels require a guaranteed reservation if arrival is to be after 6:00 p.m. Cancellation of guaranteed reservations must be made before noon of the scheduled day of arrival. Failure to use a room under these conditions involves forfeiture of the cost. Please advise the ACRS Office as soon as possible, if you cannot attend a meeting for which you are listed, so that reservations can be cancelled in sufficient time.

Marvin C. Gaske
Deputy Executive Director

Dr. Siess
Mr. Bender
Dr. Kerr

Dr. Okrent
Mr. Ray
Mr. Ward

*NRC Safety Research Program, July 8, 1981, 1717 H Street, N.W., Washington, DC (Duraismamy), 8:30 a.m., Room 1046. The Subcommittee will review the FY-83 research program budget. Attendance by the following is anticipated:

Dr. Siess
Mr. Bender
Dr. Carbon
Dr. Kerr
Dr. Mark

Mr. Mathis
Dr. Moeller
Dr. Okernt
Dr. Plesset

*Reliability and Probabilistic Assessment, July, 1981, 1717 H Street, N.W., Washington, DC (Quittschreiber). The Subcommittee will review some of the techniques being used and will discuss the future of risk assessment in the nuclear power licensing process. Location of meeting room and lodging will be announced later. Attendance by the following is anticipated:

Dr. Okrent
Mr. Bender
Mr. Ebersole
Dr. Kerr

Dr. Lewis
Dr. Mark
Dr. Siess

*Indian Point 2/Metal Components (exact date to be determined), 1717 H Street, N.W., Washington, DC (Igne). The Subcommittee will review the possible reactor pressure vessel degradation caused by the flooding incident which flooded the outside of the lower portion of the pressure vessel assembly. Attendance by the following is anticipated:

Dr. Kerr
Mr. Bender
Mr. Etherington
Mr. Mathis

Dr. Okrent
Dr. Plesset
Dr. Shewmon

*Transportation of Radioactive Materials (exact date to be determined), 1717 H Street, N.W., Washington, DC (Duraiswamy). The Subcommittee will review NRC cask certification procedures. Attendance by the following is anticipated:

Dr. Siess
Mr. Bender

Dr. Mark
