Attention: Director, Office of Management and Program Analysis

Gentlemen:

Oregon State University herein submits an annual report of personnel whole body exposures for the calendar year 1980. This report, submitted for the previous two years in accordance with the requirements of 10 CFR 20.407, is being provided this year for information purposes, and to aid your program for collection of dosimetry data.

If you have questions regarding the information reported, please let me know.

Yours sincerely,

C. H. Wang  
Reactor Administrator  
Director
