COMMISSION

Baltimore Gas and Electric Company
ATTN: Mr. R. E. Lundvall, Jr.
        Vice President - Supply
P.O. Box 1475
Baltimore, MD 21203

Gentlemen:

We have received copies of certain applications which your Company has
filed with the Office of Nuclear Reactor Regulation (ONRR) for review.
The applications are for various Technical Specification changes and
other approvals for Calvert Cliffs Unit Nos. 1 and 2. The ONRR staff
have completed their preliminary and/or final fee determinations on
these applications in accordance with 10 CFR 170.12(c) and 170.22.
Enclosed is a list of the applications, fees paid, fees applicable,
and basis for ONRR's fee determination on each of the applications.

Based on the amounts paid and the ONRR determinations, your Company is
entitled to a refund of $3,500. We are concurrently authorizing the
Office of the Controller to refund this amount to your Company. Refunds
are generally processed in two weeks.

Sincerely,

William O. Miller, Chief
License Fee Management Branch
Office of Administration
