Attention: Dr. L. T. Papay, Vice President  
Advanced Engineering

Gentlemen:

Subject: NRC Inspection at San Onofre Units 2/3

This refers to the inspection conducted by Messrs. J. H. Eckhardt and G. Hernandez of this office on March 3-6, 1981 of activities authorized by NRC Construction Permit Nos. CPPR-97 and 98, and to the discussion of their findings held with members of your staff on March 6, 1981.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

Based on the results of this inspection, it appears that one of your activities was not conducted in full compliance with NRC requirements, as set forth in the Notice of Violation, enclosed herewith as Appendix A.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you believe to be proprietary, it is necessary that you submit a written application to this office, within 30 days of the date of this letter, requesting that such information be withheld from public disclosure. The application must include a full statement of the reasons why it is claimed that the information is proprietary. The application should be prepared so that any proprietary information identified is contained in an enclosure to the application, since the application without the enclosure will also be placed in the Public Document Room. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.

April 23, 1981

Should you have any questions concerning this inspection, we will be glad to discuss them with you.

Sincerely,

  
B. H. Faulkenberry, Chief  
Reactor Construction Projects Branch
