In the Matter of

HOUSTON LIGHTING AND POWER COMPANY

(Allens Creek Nuclear Generating  
Station, Unit 1)

Docket No. 50-456-CP

June 17, 1981

ORDER

On April 23, 1981, Intervenor Doherty, in effect, filed a motion for leave to submit late-filed Contention 56. Applicant and Staff, respectively, on May 8 and May 31, 1981, filed responses in opposition.

During the course of the hearing, on June 11, 1981, after reviewing previous discussions and a Board direction, the Board ruled that it need not and would not decide whether Mr. Doherty had met the requirements of 10 C.F.R. 2.714(a)(1)(i)-(v). The Board proceeded to deny admission of Mr. Doherty's proposed Contention 56 and to deny his untimely oral request to amend his proposed contention. (Tr. 14088-92).

Accordingly, it is, this 17th day of June, 1981
