Dear Chairman Smith:

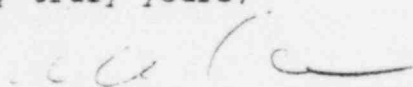

Attached is the list of work requests that the subpoenaed witnesses will be cross-examined upon.

In some instances, a series of work requests are listed in parenthesis. This means that the various work requests deal with the same component and therefore should be considered as one item.

In addition to the work requests specifically identified for Daniel Shovlin and R. J. Toole, Shovlin and Toole will also, because of their supervisory capacity, be expected to testify on any work request identified for the other witnesses.

J. J. Colitz will be expected to relate the relevance of each component identified by the worked requests listed below, and such other work requests that are relevant.

Very truly yours,

Theodore A. Adler
