NOV 6 1980

Docket No. 50-219

Jersey Central Power and Light Company
ATTN: Mr. Ivan R. Finrock, Jr.
Vice President
Madison Avenue at Punch Bowl Road
Morristown, New Jersey 07960

Gentlemen:

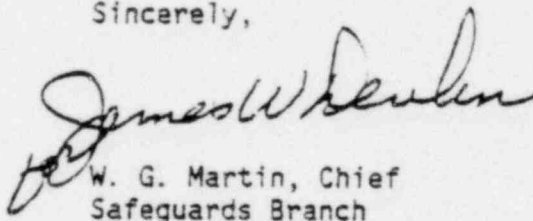

Subject: Issuance of New NRC Personnel Identification Badges

As of November 1, 1980, the U. S. Nuclear Regulatory Commission will be issuing new laminated photo-identification badges to all NRC personnel. The employee's name, color photograph, badge number and NRC office location appear on the front side of the badge, with the employee's signature, date of birth, physical description and the facsimile signature of Raymond J. Brady, Director, Division of Security, appearing on the reverse side. A sample copy of the front and reverse side of the new photo-identification badge is shown in the attachment to this letter.

The purpose of the new badges is to provide positive identification of NRC personnel visiting licensed facilities and whose names are included in the access authorization lists provided by NRC Region I.

During the interim period from November 1, 1980 through November 30, 1980, NRC personnel may utilize either the new or the old picture badges. However, after November 30, 1980, all NRC personnel will present the newly-issued badges for identification when visiting licensed facilities.

Sincerely,

W. G. Martin, Chief
Safeguards Branch

Enclosure: As Stated
