Technical and Management Comparison to
Guidance for Staffing Nuclear Power Plants

Dear Mr. Denton:

In our letter dated September 9, 1980, South Carolina Electric and Gas Company (SCE&G) agreed to perform a comparison of the technical and management personnel to the guidance for staffing of nuclear power plants. SCE&G, acting for itself and agent for South Carolina Public Service Authority, provides five (5) copies of that comparison for your review in preparation for the upcoming management audit.

If you have any questions, please let us know.

Very truly yours,
