Dear Sir,

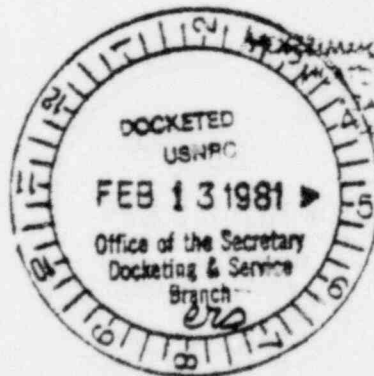

In the rush of the last few weeks, I neglected to tell you of my appreciation for the favorable decision we received from your board regarding the re-opening of the licensing hearings for the Wm. B. McGuire nuclear station. If by chance others do not write you on this matter, let me say that the people of Charlotte are grateful for your understanding and good intentions.

I look forward to meeting you at the start of the hearings. Until then, I wish you all the best.

Regards,

Mike Pennell
