Licensee Fee for Review and Approval of  
Extension in Schedule for Fire Protection Modifications

Our letter dated February 9, 1981 requested the NRC Staff to review and approve an extension in the schedule for completing a number of fire protection modifications in accordance with 10 CFR Part 50, Section 50.48(d). We have been informed by the Staff that this request should have been accompanied by a licensing fee as required by 10 CFR Part 170, Section 170.22.

Attached is a copy of our license amendment or approval class determination form and a check in the amount of 1200.00 for the licensing fee covering this extension request.

Licensee: Northern States Power Company

Plant: Prairie Island Nuclear Generating Plant

Docket No. 50- 282 License No. DPR- 42 Materials License No.  
50- 306 DPR- 60

Date and subject of Licensing Request:

Request for Extension of Completion Dates for Approved

Fire Protection Modifications dated February 9, 1981

License Amendment or Approval Class: II Fee: 1200.00  
Class: \_\_\_\_\_ Fee: \_\_\_\_\_  
Materials License Category: \_\_\_\_\_ Fee: \_\_\_\_\_  
Total Fee Enclosed: 1200.00

Basis for determination of fee class:

Our request dated February 9, 1981 was to extend the completion schedule for three fire protection modifications. A completion date of February 17, 1981 was specified in recent changes to the Commission's regulations.

The requested extension in completion schedule has no safety or environmental significance and will require no detailed technical review.
