Re: Board Notification - Bailly  
Generating Station

Gentlemen:

In accordance with the Staff's Board notification policies, I am enclosing herewith two internal Staff documents which were recently received relative to the Bailly facility. These documents consist of a memorandum from James Keppler, Director, Region III Office of Inspection and Enforcement, to James Sniezek, Director, Division of Resident and Regional Reactor Inspection, dated January 8, 1981 and a follow-up memorandum from Mr. Sniezek to the Director, Division of Licensing, dated January 10, 1981. The Director of the Office of Inspection and Enforcement is reviewing these documents and the views expressed therein do not necessarily reflect those of that Office. The Staff will inform the Board of any change from its current position that the enclosed documents do not alter the Staff position as represented in its pleadings before the Board in this proceeding.

Sincerely,

Darrell G. Eisenhut, Director  
Division of Licensing  
Office of Nuclear Reactor Regulation
