Dr. W. W. Bixby, Director
West Valley Project Office
U. S. Department of Energy
P. O. Box 191
West Valley, New York 14171-0191

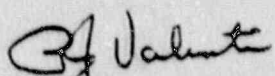

Dear Dr. Bixby:

SUBJECT: Transmittal of Initial UOR-89-11-STS-1

REFERENCE: (A) WD:89:1012, Notification of Unusual Occurrence (CM89150),
"STS Column B Dump Valve Failure to Close."

The purpose of this letter is to transmit the subject Initial Unusual Occurrence Report (UOR-89-11-STS-1). This report discusses an equipment failure in the Supernatant Treatment System (STS), where a valve used to remove expended ion exchange media from a process vessel failed to close.

Very truly yours,

P. J. Valenti, Manager
IRTS Operations
West Valley Nuclear Services Co., Inc.
