Dear Wayne:

The proposed amendment to 10 CFR, 71, regarding advance notification to State Governors of transportation of nuclear waste to, through, or across state boundaries, has been received and reviewed.

As you recall, this point was covered during my presentation at the State Liaison meeting in San Francisco. I concur with the prior notification criteria and suggest that routing information should also be included. Governor Babbitt's office was contacted and concurrence with the aforementioned criteria was confirmed.

Please do not hesitate to contact me if I may provide further assistance.

Sincerely,

Charles F. Tedford
Director
