Dear Mr. Hendrie:

Thank you very much for your letter of August 20 I received today. I have informed the President of the "Technische Universität" of Aachen of your acceptance and intention to present a paper. We are very pleased and wish to express our sincere thanks. I appreciate that you have many commitments and that yours will be an important contribution to the conference.

The conference will take place in March 1981, with the exact dates to be arranged in December. I will stay in Oak Ridge in the first week of December and would be pleased to come to Washington if we could meet briefly to discuss the objectives and the date of the conference.
