IN RESPONSE REFER  
TO FOIA-80-549

Dear Mr. Davis:

This is in partial response to your letter dated October 29, 1980, in which you requested, pursuant to the Freedom of Information Act, all transportation routes of spent nuclear fuel, information on the nature of packaging, shipments and precise materials being transported and a description of all other transportation routes including those utilized by the military.

Enclosed please find draft NUREG-0725 "Public Information Circular for Shipments of Irradiated Reactor Fuel" and NUREG-0383 "Directory of Certificate of Compliance for Radioactive Materials Packages."

We are also forwarding a copy of your letter to the Department of Energy for processing since they have jurisdiction over military transportation of radioactive materials.

Sincerely,

J. M. Felton, Director
