RE: Proposed Rule: 10 CFR Part 20,
Standards for Protection Against
Radiation

REF: RA/MDR/SF/31/80

Dear Secretary:

New England Nuclear Corporation would like to congratulate you on the proposed rule change to 10 CFR Part 20, Standards for Protection Against Radiation. We feel that this is a very valuable contribution towards alleviating the radioactive waste burial problem.

We support the approval of all revised radioactive limits, and look forward to additional revisions concerning other radioisotopes. New England Nuclear will gladly provide you any assistance that we can in this regard.

Sincerely,

Susan Flint
