

Franklin Research Center
A Division of The Franklin Institute

15 December 1980

Mr. Darrell G. Eisenhut, Director
Division of Licensing, NRR
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Subject: Contract No. NRC-03-79-118

Dear Mr. Eisenhut:

It is tremendously gratifying to the entire Franklin Research Center staff to receive, again, the commendation of the Nuclear Regulatory Commission for our performance under Contract No. NRC-03-79-118, and, this time, to have been rated at 100%. It is clear that we did not rest on our laurels after receiving excellent ratings for the first three quarters of the contract year.

I would like to comment that we've had excellent cooperation from, and rapport with, the NRC technical and contract officers on the project, and this has contributed in no small measure to the level of performance.

You may be assured we will continue to exert our best efforts toward maintaining our past level of performance for the duration of the contract.

Sincerely,

W. B. Ligett
President
