MEMORANDUM FOR: Chairman Ahearne
FROM: William J. Dircks, Executive Director
for Operations
SUBJECT: STEERING GROUP TO COORDINATE DEGRADED
CORE COOLING AND RELATED RULES

As you directed, I have considered your options of a project manager versus a task group to coordinate the several ongoing rulemaking actions and have decided that a task group, chaired by the office with a primary responsibility in this area, is the preferable course of action. Enclosed is my memorandum to the cognizant office directors implementing that decision.
