Nuclear Licensing Administrator

Gentlemen:

RE: BIG ROCK POINT  
PALISADES PLANT

Our letter of December 1, 1977, provided a report on the Systematic Evaluation Program (SEP) which contained a detailed description of the program. That report included a copy of the general Topic List which will form a basis for the SEP review.

In developing the Topic List, a definition for each topic was prepared to ensure our common understanding of the issue. Since it is important that all participants in the SEP have a common understanding of the topics, a copy of the definitions is enclosed for your information and future discussions. It should be recognized that these definitions were prepared as a working tool and that some of the topics may be modified as our review progresses.

Sincerely,

ORIGINAL SIGNED BY
