Re: Freedom of Information Request.

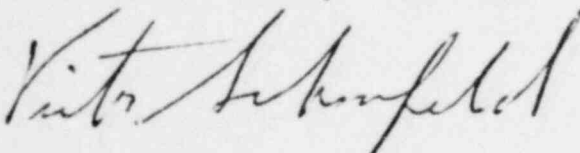

Dear Sir/ Madam,

Pursuant to the Freedom of Information Act, 5 U.S.C. 552, I hereby request copies of (or access to) all documents concerning the use of burros in radiation research in the 1950's funded by the Atomic Energy Commission and conducted at the University of Tennessee on behalf of the A.E.C., specifically the numbers of burros used and details of injuries and mortalities sustained. I additionally request copies of (or access to) documents concerning the numbers and species of animals used in research projects funded by the N.R.C. in the most recent fiscal year for which records exist and synopsis descriptions of all audio-visual records (including still photographs, video tapes, film strips, motion pictures etc.) of those same projects.

If any expenses in excess of \$50 are incurred in connection with this request, please inform me of all such charges prior to their being incurred for my approval. If you do not grant my request within 10 working days, I will deem my request denied.

Thank you for your prompt attention to this matter.

Very truly yours,

Victor Schonfeld.
