Senator Davis,

I am extremely concerned with the danger the Nuclear Power Plant in Charlevoix represents for our community. I am definitely opposed to the use of plutonium at Big Rock. I question the wisdom of the A.E.C. because of their dual role as both promoter and regulator of nuclear power.

I would like to know your views on this issue, which I feel is one of the most crucial environmental issues today!

POOR ORIGINAL

Sincerely yours,
Betty M. Kenne
