Docket No. 70-2623

Dear Mr. Trosten:

I am enclosing a copy of the "NRC Staff Answer to NRDC Motion for Extension of Time" along with my notice of appearance, filed on January 19, 1981. I apologize for my failure to serve you with the enclosed as Counsel for the Electric Utility Companies Nuclear Transportation Group.

I trust that this has caused you no inconvenience in light of the apparent lack of affect of the subject matter on your clients' interests in this proceeding. Your firm has now been added to the Staff's service list.

Sincerely,

Lawrence Brenner
