

Mr. J. Keppler, Director
NRC Midwest Office
799 Roosevelt
Glen Elyn, Illinois 60137

Dear Mr. Keppler:

Recently I received a letter from a man who had worked at both the Palisades and the Donald C. Cook nuclear plants. He had some significant facts to report.

I called to ask him if I could send the letter to you and if he would be willing to speak to you. He said that he would-- "Someone has to do something about what's going on" were his words.

I believe you should follow this up.

Yours sincerely,

Individual "B"

THANK YOU FOR YOUR LETTER TO EDITOR OF THE
KALAMAZOO GAZETTE. YOU ARE DOING A GREAT
SERVICE FOR AMERICA. YOU AND THE PEOPLE LIKE YOU
ARE WHAT GIVES AMERICA STRENGTH

I HAVED WORKED AS A PIPEFITTER AT PALASAPES AND
COOK NUCLEAR POWER HOUSES I KNOW A LOT ABOUT
WHAT IS WRONG AT PALASAPES AND HAVE KNOWLEDGE
OF BAD NEEDS ON THE COOLING LOOP OF CONTAINMENT
#1 AT COOK NUCLEAR WHICH I REPORTED TO 7 AND 10
PEOPLE THEY AGREED TO COVER IT UP AND ASKED ME
TO KEEP QUIET.

I HAVENT KNOWN WHO I COULD TALK WITH AND GET
ANY THING DONE ABOUT THIS WHAT I READ IN NEWS
PAPERS AND HEARD ABOUT ON TV. SOMEONE IS EITHER
GIVING OUT FALSE INFORMATION OR THE NEWS MEDIA
DOESNT KNOW HOW TO REPORT.

AT PALASAPES THE FUEL LOADING TANKS ARE ONLY
LARGE ENOUGH TO STORE ONE BUNDLE INSIDE OF
CONTAINMENT AND OUT SIDE HOWEVER LOADING
MECHANISM COULD NOT OPERATE IF FUEL BUNDLE WAS
IN EACH SIDE THEREFORE NEW FUEL COULD NOT BE
STORED ON SIGHT IF SPENT FUEL WAS BEING KEPT
THERE BECAUSE OF THIS LET ALONE LOAD NEW FUEL
AT SAME TIME

THE STEAM GENERATORS AT PALASAPES BREAK DOWN FROM
METAL FATUGE IN THE WAY THE TUBES ARE CONSTRUCTED
THEY ACTUALLY BREAK OFF AT WELDS I BROUGHT THIS TO

ANSWER WAS THESE WERE CONSTRUCTED AND DESIGNED IN
GERMANY VIA THE WORLD'S FINEST ENG. AND WORKERS

Individual "C" OF BECHTEL HAS SENSE DIED OF
RADIATION POISON FROM HELPING XRAY WELDS WITHOUT
PROPER PRECAUTION.

RADIATION CONTROL OF CONSTRUCTION IS TOO LAX. I HAD
RECEIVED MY LIMIT AND WAS STILL WORKING IN A
RADIOACTIVE AREA FOR 6 MO OVER A YEAR FROM THAT
TIME I RECEIVED A LETTER FROM A.E.C. WITH REQUEST
TO AMOUNT I HAD RECEIVED, NOTHING MORE LATER
NO FINAL REPORT IN OVER TWO YEARS NOW I AM
LEFT WONDERING HOW MUCH RADIATION DID I REALLY
RECEIVE

THE MIDLAND NUCLEAR POWER HOUSE IN 1970 WAS TO
COST ABOUT 900 MILLION TODAY 1.67 BILLION ALMOST
DOUBLE COOK WENT THE SAME ROUTE PALASADO'S HE
ALREADY OVER DOUBLED IT WAS TO COST 330 MILLION
IT HAS NOW EXCEEDED 1 BILLION

I WOULD LIKE TO HELP IF I CAN YOUR CAUSE IS
GREAT AND AGAIN I THANK YOU

Signed,

Individual "A"
