Docket No. 50-155

Consumers Power Company
ATTN: Mr. R. B. DeWitt
Manager of Nuclear
Plant Operations
212 West Michigan Avenue
Jackson, MI 49201

Gentlemen:

This refers to the inspection conducted by Mr. A. G. Januska of this office on March 21-24, 1977, of activities at Big Rock Point Nuclear Plant authorized by NRC Operating License No. DPR-6 and to the discussion of our findings with Mr. C. J. Hartman at the conclusion of the inspection.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

No items of noncompliance with NRC requirements were identified during the course of this inspection.

Certain items identified during this and other inspections require completion. The items are identified under Other Significant Items (A) and (B) in the Summary of Findings section of the enclosed inspection report. Please respond to this office within twenty days of your receipt of this notice advising us the action you have taken or plan to take showing the estimated date of completion with regard to each item.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this notice, the enclosed inspection report, and your response to this notice will be placed in the NRC's Public Document Room, except as follows. If this report contains information that you or your contractors believe to be proprietary, you must apply in writing to this office, within twenty days of your receipt of this notice,

to withhold such information from public disclosure. The application must include a full statement of the reasons for which the information is considered proprietary, and should be prepared so that proprietary information identified in the application is contained in an enclosure to the application.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

James H. Allan, Chief
Fuel Facility and
Materials Safety Branch
