DOCKET NUMBER 2-1000, 10, 70, 150
PROPOSED RULE (AS FR 70874)
SHIELDED METALS

Re: The N.R.C. proposal to halt the licensing requirement for sale of contaminated scrap metal as published in the Federal Register October 27, 1980. In the interests of public health and safety I/We strongly urge that this licensing requirement not be eliminated. It is imperative that all regulations governing the disposal of radioactive waste be maintained.
