DOCKET NUMBER 80-70, 80, 150
PROPOSED RULE 101.11 (101.11)
SHIELDS 101.11

Gentlemen:

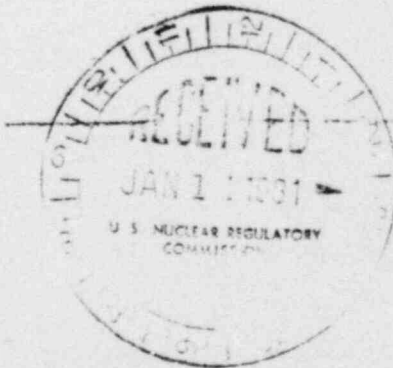

I protest most vigorously you plan to allow scrap-metal with low levels of uranium* to be sold and used in the manufacture of all types of appliances, cars, playground equipment, etc.

You say the danger is negligible—but all these little dangers to which we are exposed, many times without knowing it, add up to big trouble.

Perhaps you are willing to take the risk —BUT I AM NOT!!

Very truly yours,

Miss Irene Burckhardt
