Regulatory Commission

Attn: Docketing & Service Branch

Dear Mr. Secretary:

In the Federal Register of October 3, 1980, the Commission gives notice of a proposed policy for evaluating agreement states radiation control programs (45 Fed.Reg. 65726). Comments on the proposed policy are requested by November 17, 1980.

The American Mining Congress' Uranium Environmental Subcommittee desires to comment. However, our next scheduled meeting is not until November 12, 1980. In order to finalize comments, which will be prepared by a committee composed of employees of member companies, additional time beyond November 17 is necessary. Accordingly, we request permission to file comments by November 31, 1980.

We express our appreciation for your consideration in this matter.

Sincerely,

Larry A. Boggs
