Subject: Resolutions of Unresolved Items for the LaSalle County  
 Station Security Plan - NRC Docket Nos. 50-373/374

Dear Mr. Youngblood:

A meeting was held on November 18-19, 1980, between Robert Skelton of your staff and members of the Commonwealth Edison Company nuclear security staff to review the LaSalle County Station Security Plan. As a result of that meeting, a list of 32 unresolved items was informally transmitted in early December.

At a subsequent meeting on January 13, 1981, the 32 items were reviewed and all but six of them were resolved to your reviewer's satisfaction. Enclosed is a list of these six items and their proposed resolutions.

The enclosure contains information which must be withheld from public disclosure in accordance with the provisions of 10 CFR 2.790.

All of the items which have been discussed throughout this review will be addressed in a revision to the LaSalle Security Plan, which we anticipate will be submitted by the end of this month.

Sincerely,

*J. S. Abel*
